Vol. 1, Issue 3

## The Importance of Proper Home Maintenance

It is very important to fix problems in your home as soon as you are aware of them. Minor problems can become major ones if not addressed promptly. For example, a faulty light switch is a minor inconvenience now, but could easily lead to a fire if not taken care of soon. A leaky pipe can not only cause damage to walls, floors and ceilings but can also cause an unhealthy, serious and costly mold problem. And a broken step or loose handrail can cause an unwelcome trip to the emergency room.

Some home maintenance tasks are relatively simple and can be done without professional help. But others are not so easy. Unless you are skilled in wiring, plumbing, carpentry, drywall repair, windows, masonry repair and the like, you should probably rely on an expert. Use your judgment. If you feel you can't or shouldn't handle a particular task competently or safely, it's better to call a professional.

You may also choose a professional for the convenience. Even if you have the skills to do a repair, you may not have the tools or the time to do the repair in a timely fashion or would like to spend your free time with your family and friends.

Don't forget quality. Poor workmanship or low quality materials can cost you more in the end. Repairs must be done properly to maintain the value, beauty and safety of your home.

If you are looking for a handyman service to trust your home to, please visit our website at [www.hebinc.com](http://www.hebinc.com). Home Equity Builders offers handyman services with all the professionalism, experience and quality you would find in our full-service design/build branch.

## Great Falls 4th of July Festivities a Great Success

We'd like to thank everyone who was able to join us at the Great Falls 4th of July festivities. Jeff and Sharon arrived at Turner Farm Park at 7 in the morning with other volunteers to help set-up for and run the event. It was hard work, but the end results made it all worth it.

As the Events Chair of this year's event, Jeff would like to extend his sincere appreciation to all of the volunteers, business and personal sponsors who made this community tradition possible.

After a very long day, Jeff and Sharon prepare to enjoy the fireworks at their Gold Sponsor hospitality tent.

### This month's home maintenance tip:

#### **Have Trees and Bushes Trimmed Back From Your Home.**

Overhanging trees and bushes too close to your house can cause moisture and other damage to your home. You want to have your plant life trimmed at least once a year to avoid trimming too much at once and harming the plants. Security experts also generally recommend you avoid landscaping that can provide a cover for an intruder to hide near your home.

Jeff Rainey, President

**Home Equity Builders, Inc.**

1146-D Walker Road  
Great Falls, Virginia 22066
