New Staff

We are pleased to welcome two new carpenters, Anthony Dimidis and Bruce Crispins, to our Home Equity Builders family. Together they bring over 50 years of experience, including historic restoration and museum exhibit creation. Anthony recently relocated from Boston, and Bruce from Pittsburgh; each moving to follow or to be closer to family. Both men are high caliber carpenters. Bruce also excels at drywall finishing and Anthony loves doing trim work, especially crown molding!

Both have survived even the toughest scrutiny of our Superintendent Patrick Mullen. Most of you know what a perfectionist he is, so you also know that this is no small feat! Anthony and Bruce's skills and experience enable Home Equity Builders to better serve you.

Interior and kitchen/bath designer Terri Miller is not new to our team; but we realized that not all of you know that Terri works exclusively with us. She brings over 20 years experience in interior and kitchen/bath design to HEB. She earned her degree from Western Illinois University in 1983 and actively continues to expand her knowledge of design theory and trends to help better serve our clients. Her services are available for small projects as well.

New Products

To serve our clients better, we have become a distributor for a line of high-quality custom and semi-custom cabinetry. We are pleased with the versatility this will give us, as well as the savings we will be able to extend to you now that we can buy cabinets directly! Our new supplier creates distinctive cabinetry to match or complement your interior spaces. And the versatility of these cabinets offers unique solutions for any type of project. These cabinets are ideal for kitchens and baths as well as laundry rooms, finished basements, entertainment centers, etc.
